

Dome 0.05

Dome 0.05 is a mid size seminar and teaching room, with a large wall mounted TV with inbuilt speakers.

Display Screen

Please use the PC and TV, to connect to MS Teams and / or your files and presentations, and to use MS Teams video conferencing.

To switch the TV ON: Point the remote control, towards the TV, and press the red power button.

To switch the TV OFF: Point the remote control, towards the TV, and press the red power button.

The TV remote can be used to control sound volume, but please also check the on-screen controls for the PC.

PC:

The PC is located **behind the left hand edge of the TV screen** and must be switched on manually. A constant blue light is shown when the PC is on. There is a wireless keyboard and mouse in the room connected to this PC.

This PC will automatically link to your H:/ cloud, and University applications when you log in.

This room does not have the facility to add USB or other devices to the PC or Display Screen.

Camera and Microphones:

There is a good quality web camera situated above the display screen.

Please note this is not a 'streaming' room, and the camera will only pick up the wider room, (in case of a remote participant). The Microphones are quite effective for tutorials, but may be limited for group work, large groups, or for participants furthest away. A Bluetooth 'Jabra' conference microphone, and tripod/cameras for more flexible situations may be available from SIZ loans.

Help: Please attend the room in good time before your meeting to make sure it has been left in a ready situation.

For emergency help where there is a fault with the lecture system phone the SIZ on (01243 81) 6222

For non-emergency enquiries please use the **Support Me** button in the **Self-Service** area on the intranet and select:
My Teaching > IT Support (Teaching Room/Open Access)

Training: To learn how to deliver the best learning experience using the facilities in any of the lecture rooms please contact the Skills Team. skills@chi.ac.uk

This can also be requested in the Self-Service area of the intranet by clicking **Support Me**, then **My IT Training** selecting "**Audio Visual Equipment Training Request**".
