

Arundel and District Community Hospital

We specialize in patient rehabilitation. Typically, patients are admitted following either emergency or elective orthopaedic surgery or may come after an acute admission following a severe infection. Most of our patients are over 65 years of age.

Medical cover is provided by the Arundel Practice of GP's. There is a medical round every weekday. Tuesdays, the consultant attends the Multidisciplinary Ward meeting with members of the Allied Health Professionals, Nursing and Social Care Professionals.

The local train station is a mile and half away. The 700 bus runs a service. Although it is recommended to check times before planning a journey.
