

Worthing Central PCN - Community and Proactive Care Team

The Proactive Care team is committed to providing a range of core and enhanced services to local population in a focused, coordinated, multi professional care approach, within the patients' home environments. The teams overarching aim is to provide advanced nursing and multi professional practice to patients, to enable them to achieve/return to maximum independence, optimum well-being or a peaceful death in the confines of their own home. The team provides supportive care within the home environment to prevent inappropriate and unnecessary hospital admissions, supporting the discharge pathway from secondary care and preventing premature admission into long term care.

Working Patterns

Service cover between 08.00 - 18.00 x 7 days a week, consisting of 7.5-hour shifts.

Please ring the team two weeks prior to commencing your placement to discuss which sub team you will be allocated to for your placement and shift start times/dates

You will be required to always wear your student uniform with ID badge. A 'bare below the elbow' is strictly enforced - so no nail varnish or jewellery apart from a plain wedding band
